- * Gain confidence and build self-esteem
- * Attend 4 Regional Competitions & 1 National Competition
- * Attend 1 (or 4) Conventions (based on level placement)
- * Train year-round from August to August, 3 to 15+ hours per week

The benefits of Premiere Dance Center's Company reach far beyond learning to dance and winning trophies. Dancers build lifelong friendships with teammates that make the same commitment and sacrifice. They learn the value of teamwork, to trust in each other, to depend on one another, and to be a reliable person themselves. These important lessons will carry with them through all avenues of life.

Dancers interested in auditioning for Premiere Dance Center's Company need to attend one Summer Intensive at Premiere, along with Company auditions during the 2nd week of August. The audition level, time, and day will be determined after seeing your dancer in the Summer Intensive. Summer classes are strongly encouraged.
